

I Sincerely Request Your Urgent Help!!

Dear Friends! Americans! The Civilian Authorities of We The People of a Great SOVEREIGN NATION – The United States Of America Republic!

I am Ms. Nina Sidorova, President of the Northern California Tenant Association. I sincerely and urgently request your help!

During NINE YEARS, I have been helping low-income senior and other tenants of Northern California. Two weeks ago, the Secret US Torture Network, which is now under an investigation of the United Nations' Special Rapporteur on Torture, stopped my GA benefits that was only \$147 per month, and it was my only income.

The members of this torture network, who are involved in genocide of US citizens, took everything from me and money grubbed me completely... Two weeks ago, the members of this Secret Torture Network, who are on monthly pay lists of the World's largest Criminal Syndicate, evicted me from the place where I resided.

Now, I do not have money, and I do not have a place to reside.

Please, help me, by sending money to my PayPal Account nikavictory108@mail.ru or contact me, and I can send you my account number. Any help will be gratefully appreciated. Please, read additional information about a PayPal account in the end of my letter.

If you do not know yet, I now inform you that on December, 12, 2016: ***"A groundbreaking report just released to the U.N. Special Rapporteur on Torture by the activist organization ITHACA reveals the existence of a massive, secret imprisonment and torture system that targets tens of thousands of Americans each year. (Some have estimated it yields annual profits upwards of \$40-billion annually to the perpetrators."***

New Report to U.N. Special Rapporteur Blasts Secret U.S. Torture Network

<https://61chrissterry.wordpress.com/2016/12/14/new-report-to-u-n-special-rapporteur-blasts-secret-u-s-torture-network/>

I can personally testify that the report that was submitted to the United Nations is correct!

I confronted the members and leaders of this Secret US Torture Network in 2008 in Northern California, and I was able to help senior tenants and to force this criminal network to fix problems in the apartment complexes where these senior tenants reside. The most important is that I forced this organized crime syndicate to stop abuses of senior tenants who contacted me, requesting my urgent help. It took two years for me, but I forced the housing cartel, which is owned by the World's largest Criminal Syndicate, to treat senior tenants with respect and integrity.

The report that was submitted to the United Nations States declares that the ***"the Secret U.S. Torture Network is protected by a fearsome network of judges, attorneys and other court officers, court-appointed guardians, law enforcement, APS social workers, psychologists and medical personnel."***

I have personal experience to confirm that this is correct that ***"the Secret US Torture Network is protected by a fearsome network of judges, attorneys and other court officers, court-appointed guardians, law enforcement, etc."***!

This torture network forged and filed to the court against me four lawsuits. I was able to expose this organized crimes syndicate during court hearings of three previous lawsuits that this network forged and filed against me. The cases were dismissed!

Two months ago, I exposed this network again by showing the crimes and falsifications that members of this criminal network, including judges and court employees of Santa Clara County of California, committed during three court hearings of their fourth fraudulent lawsuit that they filed against me. Please, read below a court document that I submitted to the court on December 30, 2016.

As retaliation against me for exposing this torture network and as retaliation for my help to senior tenants, this Secret Torture Network sent their mercenaries to attack me, money grub me and to torture me with DE (Direct Energy) weapons.

135 (One hundred thirty five) criminal offences were committed against me. These criminal offences were registered with the FBI and police.

Dear Friends, this is DIFFICULT—extremely difficult, to describe the level of pain, suffering, frustration and extreme desperation of innocent citizens that I witnessed during the nine years. I can testify about this genocide to any of the International Criminal Tribunals or Military Tribunals! I can provide the Tribunals with many facts and supporting documents about this genocide.

The senior and other tenants of California are not only citizens whom I helped during last eight years and whose suffering and extreme desperation I witnessed.

When the Secret US Torture Network attacked me with DE and microwave weapons, I was able to find out very quickly the system of the electronic harassment with DE weapons, which this satanic torture network uses against innocent US citizens, who are the victims of this network.

I helped several of the targeted individuals. They shared their experience with other victims, after which people from different states of our country started contacting me and requesting my help and assistance. I did my best to help them.

I know that you, my friends, honest and brave citizens, know a lot about the genocide against US civilians. However, I still believe that not many of you realize or know the level of this genocide and the level of crimes, which this Secret US Torture Network committed against innocent US civilians, including women and children.

For example, the desperate young woman, Tracy A., with a little two years-old child contacted me. One of the Nazis abused badly her and her little girl. This torture network tried to kidnap her little daughter. Tracy sent me her photo, and my heart was broken when I saw a photo of this desperate young woman who was holding her little daughter so tightly on her chest.

The Nazi who was abusing her and her child was a Doctor at one of the universities. I contacted this Nazi, explaining to him that my twenty year-old mother was in Stalingrad during WWII, fighting with Nazis, and two of my uncles did not come back from WWII.

I explained to this Nazi that **1)** I would contact four of the International Criminal Tribunals and several human rights organizations, reporting his horrific crimes, including pedophilia and other child abuses. **2)** I explained to this Nazi what I would do after that... My action could be considered as a feat of an extermination of a Nazi escaping justice, and maybe I would be even awarded with a medal for my right action!

I took some other actions against this Nazi... After that, this Nazi never again approached or abused this young woman and her little child!

I have documents and letters, which prove showing that over a few years this woman contacted the FBI, senators and other officials, urgently requesting help. Instead of helping Tracy, the Secret US Torture Network, brought her to a mental hospital, and they took her baby-girl from her. It took several months for her to find and have her baby returned to her after she was released from a hospital. Please, tell me Friends, how many of you aware of the kind of justice we have in our country now?!

This torture network has placed in mental facilities and hospitals thousands of their victims, who are/were healthy US citizens, harming them. How would you feel if a desperate 30 years-old man, Greg Gamage, would call you from a different state ten times during one day, stating

that he was being tortured in an Ohio mental hospital, and if I would not help him, nobody would help? I understood Greg completely because I was in a very similar situation!

I informed other victims of electronic harassment around the country, asking them to call this hospital and request that the doctors--war criminals immediately release kidnapped Greg from this hospital. I contacted United Nations and human rights organizations, some of whom helped me by contacting this hospital and requesting information about Greg, after which Greg was released immediately. Twice during one year, I stopped Greg from committing suicide when he had horrible pain after he was tortured by the members of this Secret Torture Network.

However, I think that the most shocking experience for me was the day when former Air Force Major Gerald Smith, a NATO Officer from US Ramstein Air Base in Germany, contacted me, requesting help. In the beginning, I thought that this perhaps was a provocation against me.

However, Gerald explained to me that he was tortured by criminals, including stabbing him with needles, after he refused to commit crimes against other people. Major Gerald Smith was brought to a mental hospital where Air Force Doctors declared him delusional.

Note: *Dear Friends, I have 100% permissions from Major Gerald Smith and Greg Gamage to disclose their information to anyone or to any of the mass media.*

I tried my best to help and assist Major Gerald Smith. We reported to four International Criminal Tribunals, the United Nations and human right organizations. In order to protect Gerald and members of his family during a critical time, I contacted the International Criminal Tribunals every three or four days during a month...

Major Gerald Smith was the first person in the history of the US Air Force to be returned to active duty with the false diagnosis of delusional. The harassment against Gerald Smith lasted until his separation from the Air Force which was on 31 March 2014, after which Gerald filed a federal lawsuit in the District of Delaware against President George Bush and a few NATO's Generals and Officers.

There are only LITTLE PIECES of evidence of the genocide of US citizens that I witnessed during last nine years. I can write a book...

If I am able to survive, I want to testify about horrific genocide of US citizens committed by this Secret US Torture Network, which is a part of the World's largest Criminals Syndicate.

Dear Friends, now I am in an extremely difficult situation, and I sincerely request your Urgent Help! Only elderly people are around me now, and they cannot comprehend what is going on in our country and around them, and why they are attacked.

They still rely on my help and assistance, but now I also need your urgent help and assistance!

Dear Friends, Please HELP ME!

With my Blessings,

Honorable Sirs,

Ms. Nina Sidorova submits a report about tortures, harassment, money grubbing and stealing properties, committed against me by the gangsters of the Secret US Torture Network and mercenaries of the Fusion Centers of Northern California, which US civilians call the Gestapo in the USA.

During nine years, since 2008, I have been helping seniors and other tenants of California, and during these nine years, years the Secret U.S. Torture Network—The Modus Operandi Gang have been harassing, money grubbing, torturing and slowly murdering me with microwave and DE weapons.

The report that was submitted the United Nations is correct!

New Report to U.N. Special Rapporteur Blasts Secret U.S. Torture Network

<https://61chrissterry.wordpress.com/2016/12/14/new-report-to-u-n-special-rapporteur-blasts-secret-u-s-torture-network/>

This report states:

12 December 2016: “A groundbreaking report just released to the U.N. Special Rapporteur on Torture by the activist organization ITHACA reveals the existence of a massive, secret imprisonment and torture system that targets tens of thousands of Americans each year. (Some have estimated it yields annual profits upwards of \$40-billion annually to the perpetrators.”

The report explains that the **“Secret U.S. Torture Network”** *is protected by a fearsome network of judges, attorneys and other court officers, court-appointed guardians, law enforcement, APS social workers, psychologists and medical personnel.”*

During several years, I informed you many times about tortures, murders and money grubbing of innocent senior citizens of California by corrupted officials, judges, law-enforcement agents and by the gangsters of the Modus Operandi Gang- the Secret U.S. Torture Network.

As retaliation for my assistance to the senior and other tenants of California, the Head of the Housing Cartel of Northern California, Mr. Matt Franklin, and the corrupted officials and judges of Santa Clara County of California placed my name on the “Killing and Torture List”, after which the perpetrators sent the gangsters of the Modus Operandi Gang- the Secret U.S. Torture Network to attack me.

Since 2008 to the present time, more than 135 (One Hundred Thirty Five) criminal offences initiated by this housing cartel were committed against me. These criminal offences were registered with the FBI and police.

I reported to the FBI and the International Criminal Tribunals about horrific crimes, including murders of senior citizens, committed by the Secret U.S. Torture Network.

More than two years ago, I submitted to the FBI and to the International Criminal Tribunals a structure and brief description of the Secret U.S. Torture Network—the Modus Operandi Gang. This description is based on a testimony of one of the members of this gang.

The Secret U.S. Torture Network—the Modus Operandi Gang is “protected by a fearsome network of judges, attorneys and other court officers, court-appointed guardians, law enforcement, APS social workers, psychologists and medical personnel”...

Please see below the names of perpetrators, members of Modus Operandi Gang, who have infiltrated courts and law-enforcement agencies of Santa Clara County of California. I even found and showed to the FBI and International Criminal Tribunals and We The People of the USA the financial accounts from which these perpetrators of Santa Clara County are paid monthly for their crimes against seniors and other US citizens.

I exposed the judges of Santa Clara County Court—members of this Secret U.S. Torture Network. I described to the International Criminal Tribunals, United Nations, the FBI and The Civilian Authorities of We The People their frauds, manipulations, abuses and misconducts.

On December 1, 2016, as retaliation for my assistance to senior citizens of California and for exposing judges of Santa Clara County-perpetrators, Director of the County of Santa Clara Social Services Agency Robert Menicocci, who is a member of the US Secret U.S. Torture Network, stopped my GA benefits that was only of \$147 and was my only income. Director of SSA Menicocci has done the same during three years, and he always commits this crime before December 22, which is the International Satanic Pedophile Day! In order to support my statement, you can check my SSA file.

On December 6, 2016, the perpetrators-officials of Santa Clara County, members of the Secret U.S. Torture Network, **requested Manager of the Rancho Mobil Home Park Donna Dulfault to evict me from the place where I reside now. My friend and I always paid on time for this Mobil Home.**

I request your urgent help!

The Secret U.S. Torture Network assigned “a death sentence” to me by denying me with GA benefits and evicting me from the place where I reside.

In order to understand better a level of the brigandage and piracy committed by judges of Santa Clara County Court —members of the Secret US Torture Network, I suggest you to read below my Appellant Opening Brief, which was posted on a website of the Main Republic Email Alert. Please, review the Case No. 16AP002081/2015-1-CV279191 of Santa Clara County of California.

I exposed Judge Carol Overton and Presiding Judge Rice Pichon in my Appellant Opening Brief. According to the request of the higher court, I was supposed to receive a response from the Housing Cartel in thirty days. I received nothing!

Now, from December 15 to January 5, I must submit my last brief. However, the members of Secret US Torture Network, who have infiltrated government agencies of Santa Clara County Court, stopped my GA benefits and evicted me from the place where I reside, making me homeless in order for me not to be able to expose their next fraud and not to submit my last Appellant Brief to the higher court.

Wasn't I right stating in my Appellant Opening Brief that dangerous "pirates" infiltrated Santa Clara County Court? I described wild crimes committed against me by the Housing Cartel of Northern California led by Matt Franklin and other members of the Modus Operandi Gang, who are the members of the Secret US Torture Gang?

I respectfully request your urgent help!

Sincerely, Nina Sidorova
President of the Northern California Tenant Association

Below are some of the names of Judges, Law-enforcement Officers and Doctors of Valley Medical Mental Facilities of Santa Clara County of California who have involved in the Secret U.S. Torture Network.

All of the four judges of Santa Clara County Court, who committed and commit now serious crimes and brigandage against senior tenants of Shorebreeze and other apartment complexes of Santa Clara County, graduated from Jesuit Santa Clara University, and they were quickly and successfully promoted:

1. Judge Carol Overton of Santa Clara County Court received a J.D. from Santa Clara University School of Law—Jesuit University

2. Presiding Judge Rise Pichon of Santa Clara County Court received a bachelor's degree from Jesuit Santa Clara University in 1973 and a J.D. from Santa Clara University School of Law—Jesuit University.

3. Helen E. Williams is a Judge for the Superior Court of Santa Clara County in California received her J.D. from Santa Clara University School of Law—Jesuit University.

4. Derrick Woodhouse is a Judge of Superior Court of Santa Clara County who received his J.D. from Santa Clara University School of Law—Jesuit University
I helped tenants of Shorebreeze subsidized apartment complex. The Funders are below, and one of the funders is Bank of America - construction loan owned by the Jesuits.

Shorebreeze Apartment Complex owned by MP Shoreline Associates:
<http://property.midpen-housing.org/propertydetail?id=a06A000000FI5bKIAR>

Funders:

Transamerica Occidental Life Insurance - tax credit investor • Tax-exempt bonds • Comerica - credit enhancement • City of Mountain View CDBG/HOME • Bank of America - construction loan

I submitted to the FBI and to the International Criminal Tribunals more than two years ago a structure and a brief description of this Secret U.S. Torture Network—the Modus Operandi Gang. This description is based on a testimony of one of the members of this gang. The Secret U.S. Torture Network—the Modus Operandi Gang—network is protected by a fearsome network of judges, attorneys and other court officers, court-appointed guardians, law enforcement, APS social workers, psychologists and medical personnel.” As the United Nation’s report states: “(Some have estimated it yields annual profits upwards of \$40-billion annually to the perpetrators.”

Officers of the law-enforcement agencies of Santa Clara County, Attorneys and Doctors and leaders of Mental Facilities of Valley Medical Center of Santa Clara County who are members of the Secret U.S. Torture Network:

District Attorney of Santa Clara County Jeff Rosen covers up all of the crimes committed against senior citizens of Santa Clara County by corrupted Judges, such as Judge Carol Overton and Presiding Judge Rice Pichon, by police officers, by mercenaries of the US Fusion Centers, which are branches of the private foreign corporation that is registered in the USA, and by members of ADL. District Attorney Jeff Rosen is a Professor of the Jesuit Santa Clara University and President of the Congregation Kol Emeth Synagogue. At the same time! A few employees of this DA Office whom DA Rosen hired a few years ago commit the same crimes against senior citizens.

The Sheriff Department of Santa Clara County led by Sheriff Laurie Smith has a group of guards and employees who have involved in this Secret U.S. Torture Network. For example, Mr. Cary-Andrew Crittenden, who is helping people and who is a very responsible and honest resident of this county, exposed the corrupted Judges of Santa Clara County and guards and members of the Sheriff Department, including Sheriff Laurie Smith. The corrupted Judges, members of the US Secret Torture Network jailed Mr. Cary-Andrew Crittenden for 280 days.

Feet to the Fire Radio: Cary-Andrew Crittenden

<https://www.youtube.com/watch?v=rokEi3aw1hE>

You can understand Mr. Crittenden's and my concerns better after reading a list of crimes committed against me by Judge Carol Overton and Presiding Judge Rice Pichon of Santa Clara County Court. I placed this list below in the end of my Appellant Brief.

You reasonably can ask if I informed Sheriff Smith and other leaders of a Sheriff Department of SCC. Of course, I informed them! I can prove my statement. However, you read above that the “annual profits upwards of \$40-billion annually to the perpetrators.”

Attorneys, Members of the Secret U.S. Torture Network, who commit crimes against senior citizens of Santa Clara County Court:

Attorney Todd Rothbard is the most fraudulent, aggressive and nasty attorney of the Secret U.S. Torture Network, who commits crimes in the Santa Clara County Court. Attorney Justin Alexander Brewer, Attorney Lisa Padilla and a few more of the attorneys of the Kimball, Tirey & St. John LLP are involved in the Secret U.S. Torture Network, and on a regular basis commit crimes against senior residents of Santa Clara County Court.

I state and can support my statement that a law firm, Kimball Tirey & St. John LLP, is a member of this Secret U.S. Torture Network, which is money grubbing, torturing and murdering US civilians, mostly targeting senior citizens.

In order to support my statements above, I respectfully request you to check two cases of the Santa Clara County Court:

a. **The Case No. 115CV278134: Big Sirs vs. 70 years-old US Veteran John Bardes.** You would find out how the Secret U.S. Torture Network, which is money grubbing, torturing and murdering senior citizens, stole a house from 70 years-old US Veteran John E. Bardes. They foreclosed this house, and they did not inform Veteran Bardes about a foreclosure of his house. 70 years-old US Veteran Bardes was current (CURRENT!) on his mortgage loan to Madison Management!

The members of the Secret U.S. Torture Network who committed this crime against 70 years old US Veteran are Judge Carol Overton and Attorney Todd Rothbard, well-known frauds in Santa Clara County Court.

US Veteran John Bardes decided to bring the case about his stolen house to the higher court, after which the Secret U.S. Torture Network decided to murder him by initiating a heart attack. They sent gangsters who targeted his heart with DE weapons. Mr. Bardes informed his doctors at Palo Alto Veteran Hospital about heart pain that he has.

This is difficult to explain to elderly people about evil doings to them and that they are targeted by a horrific satanic Nazis' network. They cannot comprehend it.

However, I contacted all of the US FBI Headquarters, and showed to the FBI agents a track without license plates that the Modus Operandi-- the Secret U.S. Torture Gang brought to the Mobil Home where 70 years-old Veteran Bardes resides. Manager Donna Dufault of the Rancho Mobil Home Park of Sunnyvale, CA and her husband Bob Dufault are those paying members of this gang who helped these murders to bring this track and to park it the front of

Mr. Bardes' home. Please watch a part of the video below at 18:23 that shows how the Secret U.S. Torture Network is murdering US citizens by initiating their heart attacks with DE weapons.

The Government's Covert Domestic Stealth Assassination Program

<https://www.youtube.com/watch?v=LEzvPdBSfn4>

I even made a photo on a part of this weapon inside this car. In addition, I contacted Palo Alto Veterans' Hospital and explained the same. The gangsters disappeared. Mr. Bardes' heart pain stopped.

This was third time when I saved a life of this kind but very naïve senior citizen. The FBI agents can support my statement! I told to the FBI that the Modus Operandi Gang used the same method to murder former Congressman James A. Traficant and another US Hero, Investigative Journalist and Writer Michael Collins Piper.

b. The Case of Santa Clara County Court: MP Shoreline Associates vs Mr. Ken Campbell, a 73 years--old disabled (on a wheel chair) senior tenant of Shorebreeze Apartment, Mountain View, CA, who is a Vice President of the Northern California Tenant Association (NCTA). The members of the Secret U.S. Torture Network, who committed crimes in this case, are Judge Derrick Woodhouse, Judge Carol Overton and attorneys Kimball Tirey & St. John LLP.

They had a court hearing without Mr. Ken Campbell's presence. Mr. Campbell is a smart and very responsible senior citizen. 73 years--old disabled Ken Campbell was brought to the mental facility such as shown in a photo in the article, describing crimes committed by this torture network.

The FBI agents can support my statement that in order to save Mr. Campbell's life, I contacted all of the FBI agencies of California during two weeks, each day, by emails, and I contacted District Attorney Jeff Rosen of Santa Clara County aka Professor of Jesuit Santa Clara University aka President of the Congregation Kol Emeth Synagogue. I informed all of the Departments of DA Office, describing this crimes and asking them to Honor their Oath to We The People!

**Director of the County of Santa Clara Social Services Agency Robert Menicocci is
a member of the US Secret U.S. Torture Gang**

Director of the County of Santa Clara Social Services Agency Robert Menicocci is a dangerous criminal and a member of the US Secret U.S. Torture Gang. According to the witness' testimony, Robert Menicocci committed serious crimes while working at a Mental Health Department in another county, and now he assigns "death sentences" to the residents of Santa Clara County, such as I am and such as US Veteran Bardes, by denying innocent people ability to receive GA benefits or food stamps. Until Menicocci came to SSA of Santa Clara County, the residents of this country did not have problems like that.

Mr. Menicocci completely hijacked SSA. During three years, Member the US Secret U.S. Torture Gang Menicocci commits the same crimes against me. Director of the County of Santa Clara Social Services Agency Robert Menicocci should be arrested as soon as possible.

**We The People!
Friends! Americans!**

I am Nina Sidorova, President of the Northern California Tenant Association.

Since 2008, I am helping low-income and other tenants of Northern California. The elderly tenants of Mountain View, California, contacted me in 2009 and sincerely asked my assistance because they did not have cold and hot water in their three stories building during four days.

They pledge my attention and request my help because not only absence of cold and hot water but other unspeakable incidents have arisen, such as rodents (rats) entering the apartments through damaged screens, homeless people using the building as a refuge, vagrants gaining access to the building's laundry room and leaving empty wine bottles, theft of tenants' outgoing mail and personal belongings, human feces left in the hallways and on the escalator

for days, overflowing garbage dumpsters, unlocked storage areas, potentially harmful chemical stored on the premises, etc.

I use very possible method to solve these problems peacefully with a Housing Cartel that belong to Khazarian Mafia and its Vanguard Group. I sent 45 certified mail letters to the Head of Housing Cartel Matt Franklin, and I contacted personally members of this housing cartel.

However, the Khazarian Mafia decided to attack me, scare me, punish me and to torture me with microwave weapons in order to stop my assistance to these desperate senior tenants.

Dear Brothers and Sisters! Americans!

I do not know if you would understand me, but I respect myself! This is important for me: It took for me two years, but I forced the Khazarian Mafia and its Housing Cartel to fix everything in this apartment complex, and I stopped abuses of elderly tenants!

I forced Khazarian Mafia and its housing cartel to fix all of the tenants' apartments, water supply system, to put new roof, new asphalt, to build new garbage are, etc. However, what is the most important, I forced these parasites (Khazarian bankers) to threat senior tenants with respect and integrity!

Senior tenants considered this being a miracle when Khazarian mafia and its cartel not only fixed everything but hired specialists to work with low income seniors tenants, scheduled yoga and other health classes for them, scheduled tenants' trips on buses to museums and to art galleries.

The managers of Khazarian Housing Cartel invited me to each of the senior health classes and other events in order to stop my complaints and letters to officials and to the International Criminal Tribunals.

I explained to the senior and other tenants that this is THEIR COUNTRY but not the country of the foreign bankers—parasites who hijacked low-income subsidized housing in the USA. I explained to tenants that they should act as the owners of their country!

This is the reason why Khazarian Mafia put me on a killing list, forcing their gang—the Modus Operandi Gang—the Secret US Torturing Network, their Fusion Centers and tied with mafia police to attack me.

Since 2009 to this day 135 (one hundred thirty four) criminals offenses registered in police and the FBI were committed against me.

Now, Khazarian Mafia decided to murder me, because I exposed their housing cartel, their system and the accounts, from which they pay monthly to corrupted members of city and county administrations.

What they consider the most dangerous for them is the fact that I showed how they hijacked our country through their Vanguard Group and how they hijacked almost all of the major US Corporations and banks.

I placed for you my document the Vanguard below my letter. Please, read it! Keep it in your online files. The document is long, but I do not know if I would have another chance and ability to contact you. I have strong pain in all parts of my body.

With my blessings to all of you,

Nina Sidorova
